

African applicant name	Country	Institution	Oxford Candidate	Collaborator department	Project title
Judith Torimiro	Cameroune	University of Yaounde	Louis-Marie Yindom	Nuffield Department of Medicine	Study of the immunogenetic correlates of disease progression in children with vertically-acquired HIV infection in Central Africa.
Mr Taurai Kadzviti	Zimbabwe	Epilepsy Support Foundation	Dr Arjune Sen and Dr Sloan Mahone	Nuffield Dept of Clinical Neurosciences	An investigation of the psychosocial impact of epilepsy on marriage and other long-term relationships in African populations
Dr. Richard Idro	Uganda	Makerere University	Dr. Dorcas M. Kamuya	Nuffield Department of Population Health	Community engagement program for the Nodding disease study
Prof robert (Bob) Mash	South Africa	Stellenbosch University	Dr Jill Edwards	Nuffield Department of Primary Healthcare Sciences	Strengthening primary health care in sub Saharan Africa by 'training the clinical trainers'
George Warimwe	Kenya	KEMRI-Wellcome Trust Research Programme	Craig Thompson	Department of Zoology	Investigating the antigenic evolution of influenza
Theresa Manful-Gwira	Ghana	University of Ghana	Jack Sunter	Sir William Dunn School of Pathology	Understanding the mode of action of anti-trypanosome veterinary drugs
Mary T Murphy	Ethiopia	GOAL Ethiopia	Peter Horby	Nuffield Department of Medicine	Rapid clinical characterisation of outbreak syndromes in a displaced population in East Africa " developing a collaboration with GOAL Ethiopia
Sam Akech	Kenya	KEMRI-Wellcome Trust Research Programme	John Prince	Institute of Biomedical Engineering	
Dr. Mohammed Abdullahi Talle	Nigeria	University of Maiduguri	Prof. Vanessa Ferreira	Radcliffe Department of Medicine	Establish cardiac magnetic resonance (CMR) imaging services at the University of Maiduguri
Professor Souleymane Mboup	Senegal	Institut de Recherche en Santé, de Surveillance Epidémiologique et de Formations (IRESSEF)	Professor Peter Horby	Nuffield Department of Medicine	Discussions about an EDCTP grant application entitled: African coalition for Epidemic Response and Training (ALERT)

African applicant name	Country	Institution	Oxford Candidate	Collaborator department	Project title
Glory Ogunfowokun	Nigeria	National Hospital, Abuja	Francois van Loggerenberg	Nuffield Department of Medicine	Plan for future TGHN activities in West Africa
Joseph Waichungo	Kenya	KEMRI-Wellcome Trust Research Programme	Olga Tosas Auguet	Nuffield Department of Medicine	A new approach for the large-scale surveillance of bacterial antibiotic resistance (BAR) in low-income settings
Caroline Jones & Jacinta Nzinga	Kenya	KEMRI Centre for Geographic Medical Research	Lisa Hinton & Professor Sue Ziebland	Nuffield Department Primary Care Health Sciences	How can narrative-based knowledge about what matters to patients be used in the Kenya setting to improve care?
Dr Deborah Sumari	Tanzania	Ifakara Health Institute	Dr Georgina Humphreys	Nuffield Department of Medicine	Mapping molecular markers of antimalarial drug resistance in Tanzania
Maritz Laubscher	South Africa	University of Cape Town	James Masters	Nuffield Department of Orthopaedics, Rheumatology and Musculoskeletal Sciences	The WHITE cohort in Cape Town
Prof. Melita Gordon	Malawi	Malawi-Liverpool-Wellcome trust clinical research programme	Malick Mahdi Gibani; Lorena Preciado-Llanes	Department of Paediatrics	Investigating the mechanisms and determinants of systemic and mucosal immunity to invasive Salmonella infection in an endemic setting.
Dr Rowan Duys	South Africa	University of Cape Town	Tinashe Chandauka	Nuffield Department of Surgery	Human Factors Intervention to Reduce Perioperative Mortality and Morbidity in South African Hospitals
Dr. George Githinji	Kenya	KEMRI-Wellcome Trust Research Programme	Prof. Christophe Fraser	Nuffield Department of Medicine	Exploring the within and between host evolution and transmission dynamics of RSV virus using sequence data
Kathleen Kahn	South Africa	University of Witwatersrand	Jessica Price	Nuffield Department Primary Care Health Sciences	Critical delays in healthcare seeking behaviour contributing to under-5 deaths in rural South Africa
Prof. Sharon Brownie	Kenya	Aga Khan University (Nairobi)	Prof. Mike English	Nuffield Department of Medicine	Task-shifting, task-sharing and technology and the future role of the nursing profession

African applicant name	Country	Institution	Oxford Candidate	Collaborator department	Project title
Akin Iwilade	Nigeria	Obafemi Awolowo University	Sa'eed Husaini	Department of International Development	Two-day workshop in OAU, Nigeria
Professor Kamija Phiri	Malawi	College of Medicine, Blantyre, Malawi	Dr. Eric Ohuma	Nuffield Department of Medicine	3 day short course in Advanced Survival Analysis
Prof James A. Berkley	Ghana	KEMRI-Wellcome Trust Research Programme	Dr Abena Asantewa Takyi	Department of Paediatrics	Visit to KEMRI Wellcome Trust Unit
Andre-Pascal Kengne	South Africa	University of Cape Town	Mark Woodward	Nuffield Department of Obstetrics and Gynaecology	The African Renal Collaboration (AFREC) Chronic kidney disease (CKD)
Dr. Lanthé Kruger	South Africa	North-West University	Professor Sarah Harper	Institute of Population Ageing	Collaboration between the Africa Unit for Transdisciplinary Health Research (AUTHeR) at the North-West University and the Oxford Institute of Population Ageing.
Melissa Kapulu	Kenya	KEMRI-Wellcome Trust Research Programme	WRJ (Bob) Taylor	Nuffield Department of Medicine	Science of malaria elimination, including transmission-blocking and multidrug resistant Plasmodium falciparum (MDRPF).
Professor Xolani Mangcu	South Africa	University of Cape Town	Colin Bundy	African Studies Centre	Reassessing Mandela
Professor Ushewedu Kufakurinani	Zimbabwe	University of Zimbabwe	Professor Jocelyn Alexander	Department of International Development	The Writing Zimbabwe Workshop
Ann Njoki Kingiri	Kenya	African Centre for Technology Studies	Xiaolan Fu	Department of International Development	Innovation thinking
Professor Jack Moodley	South Africa	University of Kwa-Zulu Natal	Dr. Manu Vatish	Nuffield Department of Obstetrics and Gynaecology	Pre-eclampsia

African applicant name	Country	Institution	Oxford Candidate	Collaborator department	Project title
Michelo Simuyandi	Zambia	Centre for Infectious Disease Research in Zambia	Prof Calman MacLennan	Nuffield Department of Medicine	Strengthening Enteric Vaccine Research and Development in Zambia
Andeline dos Santos	South Africa	University of Pretoria	Kirsten Rowe	Department of Psychiatry	AHEAD (Adolescent HIV Executive Function and Drumming)
Mr Dean Lutrin	South Africa	University of Witwatersrand	Prof Alison Simmons	Nuffield Department of Medicine	Establishment of cohorts to facilitate collaboration between the MRC Human Immunology Unit, Oxford and the University of the Witwatersrand, Johannesburg
Dr. Ilesh Jani	Mozambique	Ministry of Health, Maputo	Nuno Rodrigues Faria	Department of Zoology	“ArboSPREAD – a network for surveillance of arbovirus spread and persistence of vector-borne viruses across corridors of ecological suitability”
Joyce Jepngetich Kimutai	Kenya	Kenya Meteorological Department	Peter Walton	School of Geography and the Environment	RAISING RISK AWARENESS IN EASTERN AFRICA
Taniya Tembo	Zambia	Centre for Infectious Disease Research in Zambia	Yoel Lubell	Nuffield Department of Medicine	Mentorship in Health Economics
Samrawit Solomon	Ethiopia	St. Paul Hospital Millennium Medical College, Ethiopia	M Sanni Ali	Nuffield Department of Orthopaedics, Rheumatology and Musculoskeletal Sciences	Supporting Evidence Based Clinical Decision Making Using Routinely Collected Healthcare Data in Ethiopia
Yusuf Serunkuma Kajura	Uganda	Makerere University	Dr Faisal Devji	Faculty of History	De-imagined communities: Towards a theory for secessionist Nationalism
Dr. Edgar Simulundu	Zambia	Centre for Infectious Disease Research in Zambia	Professor Sarah C Gilbert	Nuffield Department of Medicine	mergence of African Swine Fever (ASF) and Characterization of Immune status of Pigs Co-infected with ASF and Taenia solium taeniasis/cysticercosis in Endemic Settings in Zambia
Atia Apusigah	Ghana	University for Development Studies, Ghana	David Mills	Faculty of Education	A new research collaboration assessing innovations in doctoral training in Africa, using the findings to design a new professional doctorate in Education at UDS in Ghana.

African applicant name	Country	Institution	Oxford Candidate	Collaborator department	Project title
Prof Allan G. Ellis (AGE)	South Africa	Stellenbosch University	Dr Roberto Salguero-Gomez (RS-G)	Department of Zoology	How will climate change and poaching affect endemic South African living rocks?
Dr. Abiodun Egbetokun	Nigeria	National Centre for Technology Management, Nigeria	Prof. Xiaolan Fu	Department for International Development	Study of the role of gender in entrepreneurship and firm-level innovation in sub-Saharan Africa
Luis Franceschi	Kenya	Strathmore Univeristy	Dominic Burbidge	Faculty of Law	Teaching African legal theory
Professor Ponnadurai Ramasami	Mauritius	University of Mauritius	Dr Reshma Ramracheya	Oxford Centre for Diabetes, Endocrinology and Metabolism	The gut hormone PYY as a novel treatment for type 2 diabetes: A computational study of the interaction between PYY and its receptors
Dr George Emeka Agbo	Nigeria	University of Nigeria Nsukka	Dr Christopher Morton	School of Anthropology and Museum Ethnography	Nigeria magazine and the colonial-era cross-national photographic network
Ola Karrar	sudan	University of Khartoum	Louise Bezuidenhout	School of Anthropology and Museum Ethnography	Sudanese Academia and International Sanctions
Dr Samantha Masters	South Africa	Stellenbosch University	Dr Arlene Holmees-Henderson	Faculty of Classics	Language education in the UK and South Africa: building bridges and cultivating connections
Joana Machado Afonso	Angola	Instituto Nacional de Saúde, Ministry of Health, Luanda	Nuno Rodrigues Faria	Department of Zoology	The project aims to implement a flexible research platform to fight infectious disease outbreaks in the main public health organization in Angola
Fabrice Kentatchime	Cameroon	Higher Institute of Environmental Sciences	Stephanie Brittain	Department of Zoology	Various outcomes
Abi Derefeka	Nigeria	University of Port Harcourt	Professor David Pratten	African Studies Centre	What the popular arts tell us about understandings of African petro-states, resource curse, and post-oil futures.

African applicant name	Country	Institution	Oxford Candidate	Collaborator department	Project title
Prof Dibwe	Congo	Université de Lubumbashi	Benoit Henriet	African Studies Centre	The biennial Congo Research Network Conference
Faith Osier and Melissa Kapulu	Kenya	KEMRI-Wellcome Trust Research Programme	Ray Owens	Division of Structural Biology	Practical training and knowledge transfer on protein expression and purification
Dr Esther Muthumbi	Kenya	KEMRI-Wellcome Trust Research Programme	Prof. Calman MacLennan	Nuffield Department of Medicine	Estimating the prevalence of anti- Salmonella antibodies and association with stool carriage of Salmonella in Kenya
Dorothy Wanja Nyingi	Kenya	National Museums of Kenya	JC Niala	School of Anthropology and Museum Ethnography	Mobile App for National Museums of Kenya – Nairobi
Walima Kalusa	Zambia	University of Zambia	Miles Larmer	Faculty of History	Social Histories of Political Culture on the Zambian Copperbelt
Meredith Lwanga	Tanzania	African Court on Human and People's Rights, Arusha	Professor Sandra Fredman and Ndjodi Ndeunyema	Faculty of Law	internship in the Legal Division of the African Court of Human and Peoples' Rights (the Court) in Arusha, Tanzania
Roma Chilengi	Zambia	Centre for Infectious Disease Research in Zambia	Vicky Marsh	Nuffield Department of Medicine	Collaborative support for challenge human infection studies in Zambia.
Shahin Sayeed	Kenya	Aga Khan University (Nairobi)	Kenneth A Fleming	Nuffield Department of Clinical Laboratory Sciences	Set up an Global Alliance/Lancet Commission
Dr. Jalemba Aluvaala	Kenya	University of Nairobi	Prof. Mike English	Nuffield Department of Medicine	supporting the development of new collaborative work on the design of intervention studies to improve the outcomes of care for sick newborns to be taken forward by Dr Aluvaala and Mr. Malla together in their early post-doctoral periods
Jocelyne Neto de Vasconcelos	Angola	Instituto Nacional de Saúde, Ministry of Health, Luanda	Sarah Hill	Department of Zoology	a new collaboration between the University of Oxford and the Instituto Nacional de Saúde (Ministry of Health), Angola

African applicant name	Country	Institution	Oxford Candidate	Collaborator department	Project title
Pauline Samia	Kenya	Aga Khan University (Nairobi)	Jessica Hudson	Department of Paediatrics	What Demands Would the Implementation of Best Practice Guidance for Paediatric Epilepsy Make on Health Services in Low Income Countries? How might these be met?
Dr Michael Backes	Namibia	University of Namibia	Prof. Garret Cotter	Department of Physics	Astronomical Collaboration and Exchange Namibia-Oxford
Dr. David Gathara	Kenya	KEMRI-Wellcome Trust Research Programme	Dr. Apostolos Tsiachristas	Nuffield Department Primary Care Health Sciences	The main outcome of this travel grant is expected to be submission of preliminary application to the MRC/Wellcome/DFID Joint Global Health Trials Scheme led by Dr. Gathara and with co-investigators including Prof. English, Prof. Brownie (Aga Khan University), Prof. Jackson and Dr. Tsiachristas.
Professor Ponnadurai Ramasami	Mauritius	University of Mauritius	Dr Reshma Ramracheya	Oxford Centre for Diabetes, Endocrinology & Metabolism	Exploring the molecular and pharmacological identity of GLP-1 signalling on pancreatic islet hormone secretion and in type 2 diabetes
Dr. Irene Omedo	Kenya	KEMRI-Wellcome Trust Research Programme	Dr. George Busby	Nuffield Department of Medicine	Determining the spatio-temporal genetic diversity among Plasmodium falciparum parasites using sequence data of target genes.
Dr Sylvia Tamale	Uganda	Makerere University	Mbalenhle Matandela	African Studies Centre	PairofButtocks: Digital Feminist Contestations and Academic Freedom in Uganda
Linda Murungi	Kenya	KEMRI-Wellcome Trust Research Programme	Professor Gavin Screaton	Nuffield Department of Medicine	Generating human recombinant monoclonal antibodies from plasmablasts of malaria-infected individuals.
Victor K Muposhi	Zimbabwe	Chinhoyi University of Technology	Eleanor Jane (E.J) Milner-Gulland	Department of Zoology	Fostering a new research collaboration on monitoring elephant poaching in Zimbabwe, and sharing experiences on postgraduate training in conservation science.
Thajasvarie Naicker	South Africa	University of KwaZulu-Natal	Ana Sofia Teixeira de Cerdeira	Nuffield Department of Women's Health and Reproductive Research	The morphometric immunolocalisation of angiogenic and anti-angiogenic factors within the placenta in HIV associated pre-eclampsia.
Mosoka P. Fallah	Liberia	National Public Health Institute of Liberia	Laura Merson	Nuffield Department of Medicine	Capacity-building in data management for Liberian-led curation of the Ebola Data Platform
Mosoka P. Fallah	Liberia	National Public Health Institute of Liberia	Laura Merson	Nuffield Department of Medicine	Capacity-building in data management for Liberian-led curation of the Ebola Data Platform

African applicant name	Country	Institution	Oxford Candidate	Collaborator department	Project title
Jared Ongaro	Kenya	University of Nairobi	Balazs Szendroi	Mathematical Institute	2018 Nairobi School and Workshop in Algebraic Geometry
Jodi Mikalachki	Burundi	University of Burundi	Patricia Daley	School of Geography and the Environment	Contextualizing African Genocide: Burundian Representations of Genocide, Justice and Reconciliation
Prof Mashiko Setshedi	South Africa	University of Cape Town	Simona Fourie	Nuffield Department of Medicine	Establish ways of adapting the Oxford model to UCT to enable future collaborative research.
Professor Janet Seeley	Uganda	Uganda Virus Research Institute	Jolynne Mokaya	Nuffield Department of Medicine	Stigma in hepatitis B virus infection in Uganda
Rogers Orock	South Africa	University of Witwatersrand	Wale Adebani	African Studies Centre	Elites, Culture and the Politics of Accountability in Africa
Gbemisola Animasawun	Nigeria	University of Ilorin	Prof. Wale Adebani	African Studies Centre	Islam, Hegemony Politics and Stability in a Modern African City
Shahin Sayed	Kenya	Aga Khan University (Nairobi)	Jacob McKnight	Nuffield Department of Medicine	A Marketplace App for Pathology Services “ Kenya (MAPS-K).
Peter Waiganjo	Kenya	Amref	Alan Silman	Green Templeton College	4 colleagues from African institutions to the Green Templeton College mHealth Conference taking place on May 21-22nd 2018.
Simiso Khumbulani Mkhonta	Swaziland	University of Swaziland	Prof. J. M. Yeomans FRS	Department of Physics	Optimal Techniques for Dispersion of Bacteria Aggregates in a Suspension
Mazvita Molleen Muchengeti	South Africa	National Health Laboratory Service	Dr Donald Maxwell Parkin	Nuffield Department of Population Health	Cervical cancer survival and risk factors for mortality in African women (2005 – 2014)

African applicant name	Country	Institution	Oxford Candidate	Collaborator department	Project title
Shaheed Tayob	South Africa	Stellenbosch University	Thomas Cousins	Institute of Social and Cultural Anthropology	Participation in Association of Social Anthropology UK conference by young African scholars 11-13 September 2018
Ebenezer Badoe	Ghana	Korle Bu Teaching Hospital, Accra, Ghana	Jyothi Purushotham	Nuffield Department of Medicine	Principles of Research Writing and Methodology Workshop 21 - 30 May 2018
Yusuf Hassan	Nigeria	Umaru Musa Yar'adua University	Tim D. W. Claridge	Chemistry	Training in Advanced Nuclear Magnetic Resonance (NMR) Spectroscopic Techniques.
Donald Grant	Sierra Leone	Kenema Government Hospital	Peter Horby	Nuffield Department of Medicine	A prospective cohort study of vascular leak in Lassa fever in Sierra Leone—establishing a clinical trials research centre at Kenema Government Hospital
Amarylis Maripusa	Malawi	College of Medicine, Blantyre, Malawi	Professor Chris Lavy	Nuffield Department of Orthopaedics, Rheumatology and Musculoskeletal Sciences	Participate in the new Global Surgery course run by the Department of Continuing Education and Oxford University Global Surgery Group (OUGSG).
Joseph Niyitegeka	Rwanda	University of Rwanda	Professor Chris Lavy	Nuffield Department of Orthopaedics, Rheumatology and Musculoskeletal Sciences	Oxford University Global Surgery Group
Khaija Niang	Dakar	University of Cheikh Anta Diop	Dr Eleanor Scerri	Archaeology	Bring together key West African archaeological researchers working on human evolution and archaeology in West Africa in order to establish the West African Stone Age Research Network (WASARN).
Yaw Aniweh	Ghana	University of Ghana	Professor Matthew Higgins	Department of Biochemistry	Structural insights on the interactions between Pf, Pv and Pk RON12 proteins and its receptors on erythrocyte surface
Adeniyi Francis Fagbamigbe	Nigeria	University of Ibadan	Dr. Eric Ohuma	Nuffield Department of Medicine	Validation of Clinical Risk Index for Babies (CRIB II) Scoring System in Prediction of Mortality in low-birth weight Babies in Nigeria.
Rosenthal Tatenda Robert Shoniwa	Zimbabwe	Harare Institute of Technology	Helena Webb	Computer Science	Forming links in cyber security between the University of Oxford and Harare Institute of Technology

African applicant name	Country	Institution	Oxford Candidate	Collaborator department	Project title
Sikumbuzo Mabunda	South Africa	Walter Sisulu University	Qhayiya Magaqa	Nuffield Department of Medicine	Provision of Rehabilitation Services for People with Disabilities in Rural South Africa
Vhumani Magezi	South Africa	North-West University	Dr George Leeson	Institute of Population Ageing	Overturning religion and health ambivalence gridlock as adolescent and youth sexual reproductive health (AYSRH) investment: towards optimisation and leveraging of church (faith) spaces as assets in AYSRH.
Caroline Asiimwe	Uganda	Budongo Conservation Field Station	Thomas Pienkowski	Department of Zoology	One Health monitoring in Uganda: A collaboration between Budongo Conservation Field Station (BCFS) and the Interdisciplinary Centre for Conservation Science (ICCS) investigating helminth transmission between primates and people in western Uganda.
Lessah Mandoloma	Malawi	Lilongwe University of Agriculture and Natural Resources (LUANAR)	EJ Milner-Gulland	Department of Zoology	Developing research collaborative framework for biodiversity conservation
Joy Owen	South Africa	University of the Free State	Wale Adebani	African Studies Centre	Conference on "Racialisation and Publicness in Africa and the African Diaspora". The Conference will be held at the African Studies Centre/St Antony's College from 27th- 28th June, 2019.
Lea Paré Toe	Burkina Faso	Institut de Recherche en Sciences de la Santé (IRSS)	Javier Lezaun	School of Anthropology and Museum Ethnography	Establish a new collaboration between the Institut de Recherche en Sciences de la Santé (IRSS), in Burkina Faso, and the Institute for Science, Innovation and Society/School of Anthropology at the University of Oxford.
Michael Obiero Oyengo	kenya	Maseno University	Balazs Szendroi	Mathematical Institute	Geometry of Chebyshev points
